Confirmation of Cooperation

regarding the submission of a proposal for a collaborative project in response to the special call for proposals on

"Digital Health in Developing Countries"

by

Else Kröner Fresenius Foundation

Project title:	**Telehealth Services for Myanmar (Telekyanmar Project)**
Project goal:	To improve health care access and quality in conflict-affected areas of Myanmar through telemedicine and capacity-building initiatives.
Applicant organization in Germany:	Goethe University Frankfurt, Institute for Occupational, Social and Environmental Medicine
Applicant organizations in Myanmar:	Karen Department of Health and Welfare - KDHW Health Department, Kachin Political Interim Coordination Team - KPICT Health Department, Karenni State Interim Executive Council - IEC Telekyanmar Telemedicine Team, Ministry of Health, National Unity Government of Myanmar

Dear Madam / Sir:

We are very happy to confirm our active participation in the planned project and our cooperation with the above-mentioned partner organisations.

We confirm that the proposed project matches the existing needs in our partner organisation. The project goal and objectives are based on the regional contexts of the partner country.

We confirm that the project is non-profit and contributes to the public interest.

We confirm that the project takes into account or promotes gender equality, addresses the needs of disadvantaged or particularly vulnerable groups, regardless of religion, skin colour or nationality, and will be implemented according to internationally agreed humanitarian and medical principles.

Saw Diamond Khin
Head of Department
Karen Department of Health and Welfare
